

Second-Generation 10W Integrated Solar Street Light (AT8902)

Product Advantage:

- Professional design team develop, put solar panel, led chip, controller, battery, human induction in one box.
- Solar panels can be adjusted 360 degrees to suit various environments
- Intelligent sensor technology, microwave radar sensor, according to the moving object to adjust the brightness of the lamp , more energy-saving, humane
- Smart remote control, With UVA(unmanned aerial vehicle) remote control,remote control long distance, bring high corrosion resistance,Four lighting modes can be set

Product Parameters:

ITEM NO.	AT8902
Solar Panel	Monocrystal Silicon 18V/12W
Battery	Lithium battery11.1V (7.2AH)
LED color	Bridgelux 3030 /4500-6500K
Material	High-end aluminum alloy + outdoor
Dimensions	53.0X23.0X15.0 CM
Charge time	>8 hours
Work time	12 hours/day, support 3 rainy and cloudy
Mounting Height	3~4 M
Weight	4.2 KG
Working Temperature	-25℃ — +65℃
Installation Diameter	Φ60-65mm (suggest)
Warranty	2 Years
