

Solar Power Sensor Wall Light Security Motion Outdoor Light (AT8524)

Product Advantage:

- Easy installation: No wiring needed, can be installed anywhere you want. This light is waterproof and durable with solid hard plastic construction.
- Smart PIR plus Light Sensor: When it turns dark, the light is activated by movement which is detected within 10 ft and 120 degree. and if no further movement is detected within 30 seconds then the light is off automatically.
- Perfect for areas where conventional electrical supply is not available, or spaces where it always seems just a little too dark or standard lights would be problematic such as pathway, staircase, garden, yard.
